STRMNFT

User Manual

Buying an NFT

Terminology

NFT — Non-fungible token

STRM — StreamCoin, the primary utility token of the StreamCoin ecosystem

NSTA_602 — NFT Standard Token Agreement_602, StreamCoin's dedicated token standard for minting NFTs

BEP-20 — A token standard on Binance Smart Chain

Stream Chain — The native blockchain for the StreamCoin ecosystem

MetaMask — A software cryptocurrency wallet

## STRMNFT Overview & Requirements

STRMNFT is an all-in-one marketplace that allows users to create NFT ownership for their videos and images at an exceptional speed and with low transaction fees. It operates on Stream Chain and utilizes StreamCoin's own NFT standard, NSTA_602, to create NFTs.

The STRMNFT marketplace has a web interface that works with any desktop or mobile device. However, there are some requirements users need to meet in order to benefit from all STRMNFT features:
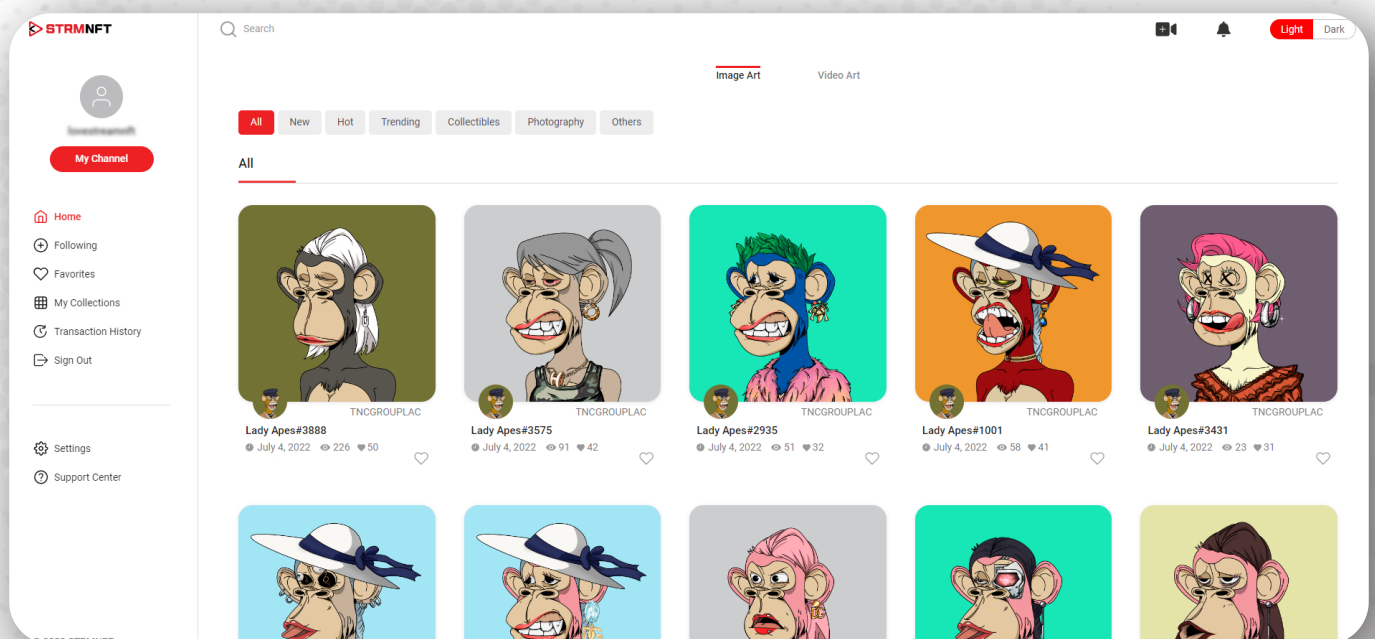

- A valid email address to register on the marketplace.
- A MetaMask wallet to connect to STRMNFT (Required to mint and buy NFTs).
- A sufficient STRM balance (BEP-20 tokens only) for minting fees (Until July 2022, all NFTs will be minted with zero fees).
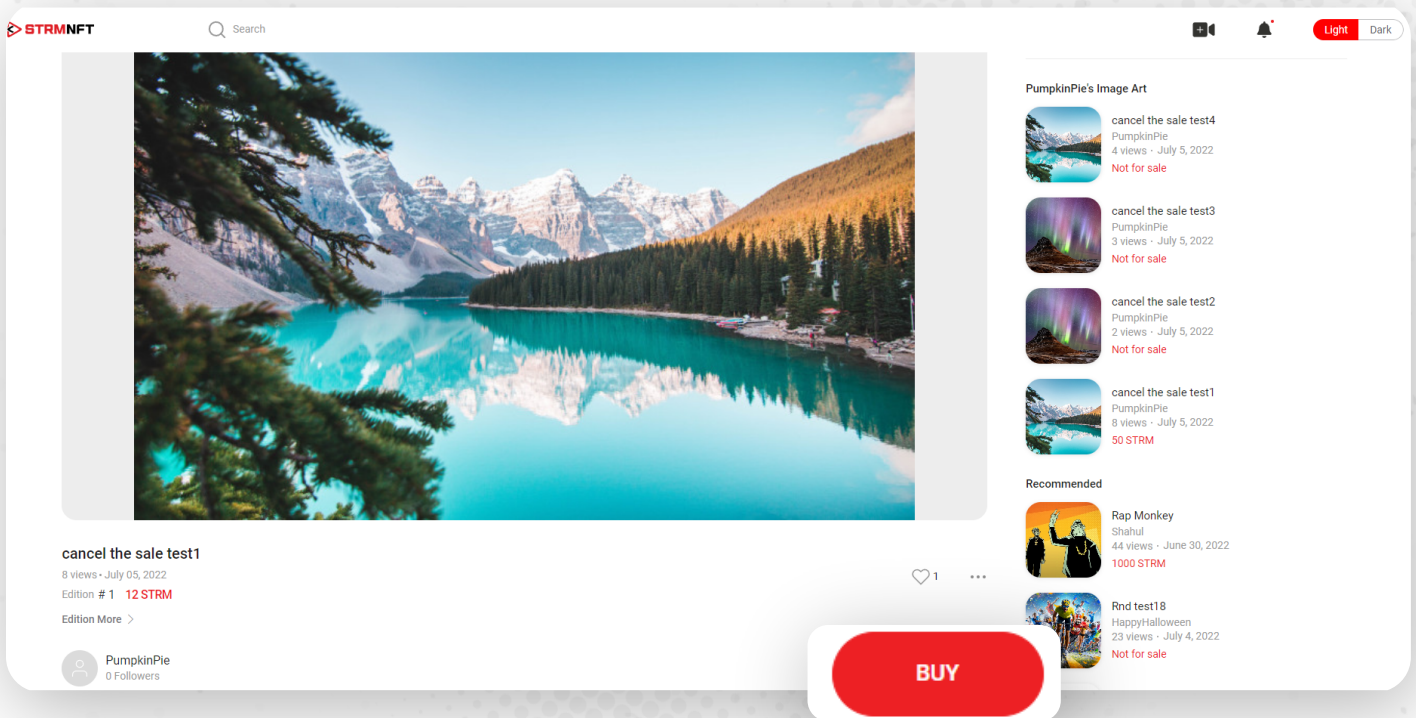

Buying an NFT

1. Sign in to your account on STRMNFT.

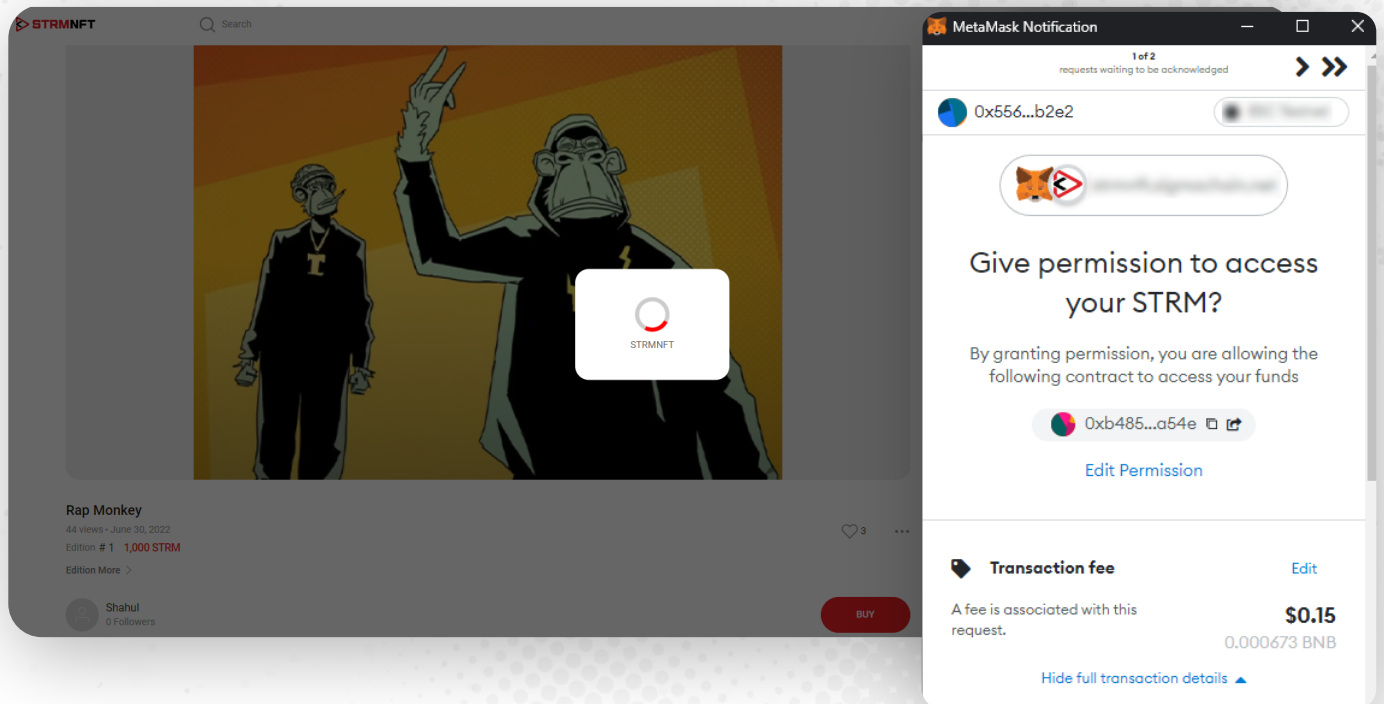

2. Select any NFT that is available for sale.

3. Click **BUY** to view the fees and other details.

4. Click **Payment** to proceed with buying the NFT.

5. The MetaMask wallet will pop up asking you to confirm the transaction.

6. Click **Confirm** on MetaMask to proceed.

7. Once the process is complete, the NFT ownership will transfer to your STRMNFT account.
8. To view all the NFTs you have bought, go to the homepage, click **My Collections**, and then go to the **Owned** section*.

Note: To find your owned video NFTs, you need to change the filter from **Image Art** to **Video Art** in the **My Collections** section.
